3. Comments

- 3.1) Please enter your comments below:
- Professor Zach is a brilliant philosophy teacher. He is kind and helpful with anything presented and always willing to help even beyond class times if needed.

- The class can be very dull, but he is a good professor overall. I think he should do fewer slides and more participation since this class can be very light and makes you sleepy. The quizzes are pretty straightforward, and he doesn't grade the papers hard.
- good professor.
